

# Lease-To-Own

Office Furniture by Compel

IDEA BOOK 2016

# Great spaces for less!

## Good - Better - Best

Use the Compel Idea Book for inspiration while considering each of the areas in your workplace. Use the Good-Better-Best approach to budget for areas that generate revenue or good-will and areas that are more utilitarian. Blend your budget to your needs. Spend more where it makes more sense for you.

Find a room that fits and mix 'n match products to fit your budget. Spend more where you make more. Your space is part of the tool kit you use to make business happen. Your reception area is part of the first impression, and remember, you only get one chance at those.

The right furniture helps solve problems. Whether your furniture needs to tell your customers who you are, or needs to make your team more efficient, we have you covered.

- Reception Spaces
- Conference and Meeting rooms
- Workstations
- Management Offices
- Open spaces
- Training environments
- Break room and misc. spaces

# Cash is King

...the most versatile tool for any business

## Leverage the simplicity of the Compel Lease-To-Own program

- Keep the operating cash available for capturing opportunities and building the business
- Make a statement to your customers with a space that says “success”.
- People are the key to every successful business. The environment they are in every day makes a difference.
- Almost 25% of our life is spent in the workplace. Make it count.
- The Compel lease program makes it easy to stay within your budget and manage your cashflow more effectively. The solution for every growing business....

Look for the numbers in the bottom of each page for the typical sale price and lease cost for all the products shown in the image.

The pricing shown is based on typical market pricing with average credit. Actual costs may vary.
