

integrity. selection. value.

Integrity. Selection. Value. Ideals sought after but not often found in the same place at the same time. At Compel Office Furniture our mission is to deliver all three, and more, by providing unmatched service, superior selection, and affordable solutions for all your office furniture needs. Through our professional dealer network and affiliated partnership channels we are able to source InStock Contract™ furniture and support you in the planning and execution of your specific design project. The Compel Idea Book 2016 showcases a few of the many selections available in our comprehensive product portfolio. We invite you to take a moment, enjoy, and find inspiration for a rewarding and stimulating workspace.

At Compel Office furniture we are committed to delivering the best blend of design, quality, price and sustainability.

We were the first to offer in-stock laminate packaged in recycled, Styrofoam-free cartons. Our catalyzed UV finishing process is not only eco-friendly, by eliminating the fumes found with traditional finishing processes, it also provides a surface that is 50% more scratch resistant than most. We use board materials that meet or exceed the E-1 standard for VOC emissions and design products that minimize our carbon footprint. For example, the zDesk workstations, made with powder coated, recyclable metals and require a fraction of the raw materials required for traditional products.

Choose Green office furniture for today and for generations to follow.
